

WELLFLEET CANDY COMPANY

Home of the Chocolate Oyster™

Founded in 2005 in Wellfleet Massachusetts on the simple premise that a unique handmade candy can be created using only the best, most natural, ingredients. We have stayed true to that premise and what quickly became a regional favorite has now become a treat enjoyed nationwide. Originally only available at various retailers, we are now also sold through internet retailers broadening our fan base. Our chocolate oysters have been included in charity and corporate event gift bags and have been deemed special enough to be given as wedding favors. They were even used as the theme decorations on a very unusual wedding cake.

The Chocolate Oyster's Story

Our unique Oyster truffle started out as the perfect oyster shell, waiting to be discovered. Once found it was lovingly bundled in bubble wrap and sent off to be made into a mold. Each mold is filled with chocolate, hand poured, scooped and filled with one of our delicious, creative flavors. Then carefully we rejoin the back of the shell with the front and apply an iridescent finish to the outside creating a beautiful replica of the perfect oyster.

We hope you enjoy our one of a kind Chocolate Oyster
